About the Florence Nightingale Journal of Nursing

Florence Nightingale Journal of Nursing is a peer-reviewed, open access, online-only journal published by İstanbul University-Cerrahpaşa.

Florence Nightingale Journal of Nursing is a triannual journal published in English in February, June, and October.

Abstracting and Indexing

Florence Nightingale Journal of Nursing is covered in the following abstracting and indexing databases;

- PubMed Central
- Web of Science-Emerging Sources Citation Index
- Scopus
- DOAJ
- TUBITAK ULAKBIM TR Index
- Gale
- CNKI
- EBSCO

All content published in the journal is permanently archived in Portico.

Aims, Scope, and Audience

The aim of the Florence Nightingale Journal of Nursing is to publish original research papers that possess significant scientific and clinical value in the fields of nursing research, practice, education, and management. The journal also welcomes reviews, rare case reports, and letters to the editors.

The target audience of the journal encompasses nurses, academicians, clinical researchers, medical and health professionals, students, nursing professionals, as well as relevant professional and academic bodies and institutions.

You can find the current version of the Instructions to Authors at <https://fnjn.org/en/instructions-to-authors-105>.
